

Tracking System Instructions
INTEGRATION TO SAILING INSTRUCTIONS PART II 8.2, 8.3
Sailing Instructions – Exhibit 7

1. GPS tracking of individual boats will be used for safety purposes. In addition the organizers will use the Trac Trac system for public media purposes and to provide displays onshore.
2. The following safety procedure will be followed:
 - a. At registration, the RRS Safety Afterguard Member, shall personally collect and sign for their tracking device.
 - b. It is a RRS Safety Afterguard Member responsibility to **re-charge every evening** the tracking device. Every tracking device is provided with a 100/240V 50/60Hz micro USB charger.
 - c. The tracking device must **be returned** to the race office at the end of the **last race of the series** and before the Prize Giving.
 - d. Any boat failing to comply with this procedure, without any reason beyond her control, will be reported to the race committee and/or protest committee for possible action.

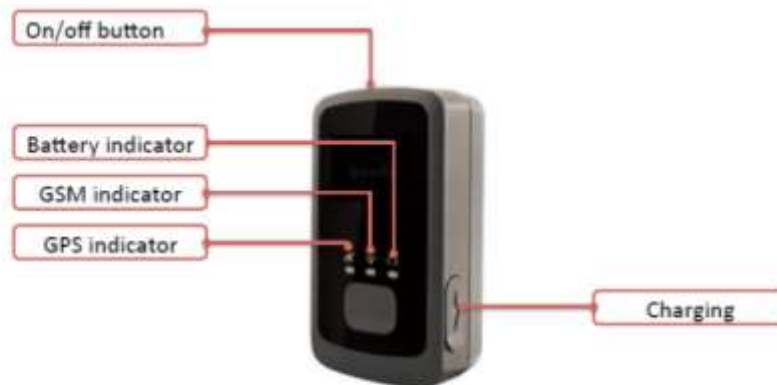

PLEASE RETURN THE TRACKING DEVICE AND CHARGER TO THE EVENT ORGANISER IMMEDIATELY FOLLOWING THE LAST RACE. IN CASE OF LOSS, THE COST WILL BE CHARGED.

MOUNTING THE DEVICE

The tracking device should be placed **into its aquapac** (provided) and is recommended to be **attached to the boat on the sea rail**, ideally centrally, at the back of the boat, clear of any obstructions or other instruments, in **clear view of the sky** (for satellites) and **above the Waterline**.

Attach the device into position at the back of the boat. Secure with cable tie or tape, so it does not hang loosely or bang around. Once mounted correctly, do NOT open the water proof plastic bag under any circumstance – the **tracking device is NOT waterproof**.

Tracking System Instructions
DEVICE OPERATIONS

How to

Turn on: Press once
Turn off: Press and hold 5 seconds

Full charge: ~ 2-3 hours

Indicators

- Battery
 - blinking: low battery or charging
